

A wide-angle photograph of the Melbourne skyline, featuring several prominent skyscrapers and a river in the foreground. The sky is clear and blue. The text 'SAVE THE DATE' is overlaid in large, white, bold, sans-serif capital letters across the middle of the image.

SAVE THE DATE

**COLLABORATIVE CONFERENCE ON
COMPUTATIONAL & DATA INTENSIVE SCIENCE (C3DIS)**

MELBOURNE CONVENTION & EXHIBITION CENTRE | 16 – 20 MARCH 2020

HOSTED BY AERO – WWW.AERO.EDU.AU

WWW.C3DIS.COM

WORKFLOWS FOR REAL – WORLD RESEARCH IMPACT

C3DIS aims to build a national community of practice of scientists, researchers, and computing, data and information management specialists from public sector research organisations. All of these professionals share a common interest: the production of breakthrough science outcomes that require large scale, complex computations and analyses to be carried out over massive data sets.

This year we are pleased to announce that C3DIS will be co-located with the Research Data Alliance (RDA) Plenary, in Australia for the first time and hosted by CSIRO. You can learn more about the RDA Plenary by visiting www.rd-alliance.org/plenaries/rda-15th-plenary-meeting-australia
